MILA RESOURCES PLC
STATEMENT FROM THE BOARD
FOR THE YEAR ENDED 30 JUNE 2021

Dear Shareholder

We have pleasure in presenting the financial statements for the year ended 30 June 2021.

During the period under review, our primary focus was on the successful conclusion of the acquisition of an initial 30% interest in the Kathleen Valley gold project ("Project") in Western Australia from Trans Pacific Energy Group Pty Ltd ("TPE"). The acquisition, which was successfully delivered post year end in November 2021, will be followed by a staged earn-in process based on success milestones. We believe that with the initial interest now secured, and a defined development plan being executed to precipitate the transfer of the balance of ownership, Mila is in a strong position to deliver on its objective to become a post-discovery exploration accelerator.

To support this objective, concurrently to the acquisition, Mila completed an oversubscribed fund raise and raised £3.5m before costs. The Company now intends to continue to drill intensively and develop the mineral resource at the Project using funds raised from its shareholders and from the recent placing.

The Mila Board was also further bolstered in November 2021 to reflect our transition into an operating company. We expanded our team with the inclusion of two experienced executives, Mr Neil Hutchison (Chief Technical Officer) and Mr Lindsay Mair (Non-executive Director). Please join me in welcoming them to the Mila Team. Together, we now believe we have the right management team in place to see the Company to the next stage in its development.

Kathleen Valley Gold Project in Western Australia

The project is located in the prolific Wiluna-Norseman gold belt which hosts several world-class mines owned by a number of premier Australian gold companies including Northern Star and St Barbara. The Kathleen Valley gold project has been discovered next door and on strike to recent discoveries by ASX listed Bellevue Gold, a company that has made substantial discoveries in the region particularly with the Deacon and Viago extensions of the historic Bellevue mine located 7km south of the Project. In June 2020, Bellevue made a discovery at its Government Well prospect, which is on the western boundary of our Kathleen Valley Project. Bellevue has grown substantially in the last year, and now has a market capitalisation of over A\$1.1 billion. In May 2019, TPE commenced drilling at the Project and made its first discovery holes. TPE carried out further drilling in September 2020 with peak gold grades of 13.95 g/t.

Further details on the Kathleen Valley Project can be found in the prospectus on the Mila Resources website <http://www.milaresources.com>.

Fund Raise – post year end

Concurrently with the acquisition of the Kathleen Valley Project the Company concluded a £3.5m fund raising (before costs) by issuing 145,833,333 new ordinary shares ("Investor Shares") at 2.4p each. The shares carry equal voting rights and rank pari passu for the distribution of dividends and repayment of capital. The Investor Shares each come with a 5-year warrant attached with has an exercise price of 4.8p.

Further details on the Fund Raise can be found in the prospectus on the Mila Resources website <http://www.milaresources.com> and in Note 24 Subsequent Events in the Notes to the accounts.

MILA RESOURCES PLC
STATEMENT FROM THE BOARD
FOR THE YEAR ENDED 30 JUNE 2021

Appointment of New Directors – post year end

Neil Hutchison (51 years old) (Chief Technical Officer)

Neil has more than 25 years' experience in the mining industry, working throughout Australia and overseas. He has a track record of mineral discovery, resource and reserve definition, project development, evaluations and acquisitions. Neil was Exploration Superintendent at the Cosmos Nickel Project with Jubilee Mines and was part of the team that discovered the Alec Mairs, Prospero and Tapinos deposits which led to the AUD\$3.1 billion takeover of Jubilee Mines by Xstrata in 2007. Neil graduated with First Class Honours in Geology from the University of Southern Queensland and is a member of the Australian Institute of Geoscientists (AIG). He is also a non-executive director of ASX listed Kairos Minerals, a company with a gold project in Western Australia, and Estrella Resources Limited.

Lindsay Mair (63 years old) (Non-Executive Director)

Lindsay is an experienced investment banker with a 30-year career in the City. He qualified as a chartered accountant with Touche Ross (now Deloitte) in 1987. He then worked in the corporate finance departments of various City firms, most recently at SP Angel (which has a broad range of clients in the mining sector). From 2017 until 2019, he was a non-executive director of Kin Group plc, which acquired Bidstack Limited in a reverse takeover, where he assisted with the takeover and a number of fundraisings. He is the Chief Financial Officer of Low 6 Limited, which operates a B2B gamification platform for sports franchises.

For those readers who appreciate more detail, below I have reproduced an extract from the RNS - Readmission to Trading & First Day of Dealings (Issued on the 23rd November 2021). It is an excellent summation of the transaction; apologies for any repetition from above.

Extract from - Readmission to Trading & First Day of Dealings (Issued via RNS 23rd November 2021)

Further to the announcement of 22 November 2021, the board of Mila is pleased to announce the readmission of its entire share capital, being 306,331,057 ordinary shares of £0.01 each ("Ordinary Shares") to the Official List (by way of a Standard Listing under Chapter 14 of the Listing Rules) and to trading on the London Stock Exchange's Main Market for listed securities (the "Readmission"). The Company's Readmission follows the acquisition of an initial 30% interest in the Kathleen Valley gold project and the exploration licence E36/876 in the Kathleen Valley (satisfied by the issue of 83,543,197 Ordinary Shares at a price of £0.024 per Ordinary Share, £300,000 in cash consideration, the issue of 15,448,370 Ordinary Shares to Diversified Minerals Pty Ltd ("DM") pursuant to the DM loan agreement dated 4 February 2021, and by novating the £229,393 Series 3 Loan Notes from New Generation Minerals Limited to the Company which converts to 12,744,032 Ordinary Shares on Readmission.). In addition, the Company has granted 242,264,111 warrants, on the terms and as set out in the Prospectus dated 29 October 2021 to, the directors, certain advisors, investors and shareholders, all of which are due to expire on 31 December 2026.

Overview

Readmission to the Official List following the acquisition, by way of a reverse takeover, of an initial 30% interest in exploration licence E36/876 in the Kathleen Valley (the "Licence") and the Kathleen Valley gold project (the "Project") (collectively the "Acquisition") in Western Australia - with the intention to acquire an additional 50% interest in the Licence and the Project in two further tranches:

- Maiden gold discovery 2019 at Kathleen Valley

MILA RESOURCES PLC
STATEMENT FROM THE BOARD
FOR THE YEAR ENDED 30 JUNE 2021

- 'Tip of the iceberg': initial 21,000oz gold JORC Inferred resource defined and 145,000-280,000oz gold JORC Exploration Target from only 2,160m RC drilling to date
- The Project is located in the Wiluna-Jundee belt and adjacent to Bellevue Gold
- The region hosts some of the largest gold projects in Australia
- Abundance of mining infrastructure in vicinity that may provide a number of commercial development routes without the requirement to build a stand-alone processing plant
- World class province for mining investment
- First drill programme of 11,000m - intended to provide a pipeline of high impact news flow
- Independent valuation of approximately £15,000,000 (based on a 100% interest in the Project)
- Raised gross proceeds of £3,500,000 through a Placing and Subscription at an offer price of 2.4p per share to support a comprehensive exploration and drilling programme at the Project, including the proposed first drill programme of 11,000m, and for further working capital
- Appointment of two new directors to execute the Company's operational and corporate objectives - Neil Hutchison as Chief Technical Officer and Lindsay Mair as Non-Executive Director

Further Information

The Company was established to undertake an acquisition of a company or project in the natural resources sector. The Company was admitted to listing on the Official List of the FCA by way of a Standard Listing and to trading on the London Stock Exchange plc's Main Market on 7 October 2016 ("Initial IPO"). On 16 November 2020, the Company announced it had signed a non-binding Heads of Terms with New Generation Minerals Limited ("NGM"), a mining exploration company with mining exploration projects in Western Australia and Argentina.

The Company subsequently entered into a conditional agreement (the "Acquisition Agreement") to acquire an initial 30% interest in the Kathleen Valley gold project ("Kathleen Valley Project" or the "Project") and the exploration licence E36/876 in the Kathleen Valley ("Kathleen Valley Licence") from Trans Pacific Energy Group Pty Ltd ("TPE"), a wholly owned subsidiary of NGM, for consideration of £2,812,500 by way of issuing 83,543,197 new Ordinary Shares at a price of £0.024 per Ordinary Share in the Company (the "Initial Consideration Shares") to TPE, £300,000 in cash consideration, by allotting and issuing 15,448,370 new Ordinary Shares to Diversified Minerals Pty Ltd ("DM") pursuant to the DM Loan Agreement, and by novating the £229,393 Series 3 Loan Notes from NGM to the Company which will convert to 12,744,032 new Ordinary Shares on Readmission. On Readmission, the Company will list the Initial Consideration Shares and the Ordinary Shares issued pursuant to the Series 3 Loan Notes and the DM Loan Agreement.

Post-Readmission, and conditional on the successful completion of 11,000 metres drilling at Kathleen Valley, the Company will have a right to purchase a further 25% interest in the Kathleen Valley Project and the Kathleen Valley Licence from TPE for consideration of £2,343,750 by way of issuing 97,656,750 new Ordinary Shares at a price of £0.024 per Ordinary Share in the Company (the "Second Consideration Shares") to TPE. The Company will then seek to list the Second Consideration Shares.

Finally, and conditional on a second spend by the Company of not less than £1,500,000, the Company will have a right to acquire the remaining 25% interest in the Kathleen Valley Project and Kathleen Valley Licence from TPE for consideration of £2,343,750 by way of issuing 97,656,750 new Ordinary Shares in the Company at a price of £0.024 per Ordinary Share (the "Third Consideration Shares") to TPE. On completion of the allotment, the Company will also seek to list the Third Consideration Shares. There is no guarantee that the Company will issue the Second Consideration Shares and/or the Third Consideration Shares, as they are dependent on the aforementioned conditions being met in relation to the Project and pursuant to the Acquisition Agreement.

MILA RESOURCES PLC
STATEMENT FROM THE BOARD
FOR THE YEAR ENDED 30 JUNE 2021

Kathleen Valley

Kathleen Valley lies approximately 20 kilometres south of BHP's Mount Keith nickel mine and within the Mount Keith-Kathleen Valley-Leinster minerals belt. Kathleen Valley is located close to the main goldfield highway and the electrical grid, and there are several gold processing plants in the district. It is approximately 30 kilometres north of the town of Leinster, and close to pending and historical mines of BHP, Western Areas (nickel), Bellevue Gold (gold/copper) and Liontown Resources (lithium/tantalum). Gold has been mined in the area since the 1890s, with most of the early production coming from the Kathleen Valley (4km north of the Kathleen Valley Project area) and Sir Samuel (Bellevue) (5km south of the Kathleen Valley Project area) mining centres.

A review of historic exploration work completed within the project area has indicated that the majority of exploration has been for gold and nickel. The most comprehensive work was completed by Barrick Gold and joint venture partners between 1992 and 2003. This exploration work largely focused on gold and included rock chip sampling, widespread auger soil sampling and RC drilling testing of some gold targets. TPE has so far completed 12 RC drillholes. Drilling commenced in April 2019 with an initial two holes completed which included a discovery hole of 4g/t of gold. TPE recommenced drilling in September 2020 with a further 10 holes drilled. A total of 2,160m was drilled. The first two holes were drilled by Jarrahfire and the remaining 10 by Ausdrill Ltd. Rig samples were collected on one-metre intervals after going through a rig mounted cyclone and cone splitter.

Areas where no mineralisation was identified were sampled with four-metre composites. Areas of interest were sampled on one-metre intervals. Four-metre composites were re-sampled, if required, by spear sampling the appropriate one-metre sample.

Strategy and Work Programme

The strategy of the Company is to deploy existing cash resources and the net proceeds of the placing and subscription towards exploration work at the Kathleen Valley Project. The Company intends to commence with an exploration drilling programme immediately following Readmission on the current target and proposes to drill new targets in the Northern portion of the Project (further details are outlined in the CPR in Part V of the Prospectus which can be found on the Company's website at www.milaresources.com).

The Company intends to seek to establish an updated JORC Mineral Resource following the drilling programme assuming further gold has been discovered. The overall strategy of the Company is to identify mineral resources sufficient to develop the Project into production. The Board believes that there are a number of development routes given the abundance of mining infrastructure locally, therefore, it does not envisage the requirement to build its own plant to process the mineral ore but rather proposes to enter into arrangements including joint ventures, toll treatment or the disposal of the Project to a mining company in the region.

The Company's initial target in the Kathleen Valley tenement will be to drill test the Inferred Mineral Resource Estimate and JORC Exploration Target. To further define the potential of the Inferred Mineral Resource Estimate and JORC Exploration Target, with the aim of attempting to progress the Inferred Mineral Resource in size and confidence level in the Mineral Resource Estimate, the Board and CSA Global (the consultant that completed the Competent Persons Report on Kathleen Valley) recommend the following:

- To drill approximately 25 to 35 suitably spaced new holes with reserves circulation drilling and diamond tails where appropriate, with 8 to 10 of the new holes drilled to a depth of 400 meters. The new holes should both:

MILA RESOURCES PLC
STATEMENT FROM THE BOARD
FOR THE YEAR ENDED 30 JUNE 2021

- infill within the existing Inferred Mineral Resource Estimate and JORC Exploration Target to increase confidence levels in the continuity of mineralising;
- seek to extend the mineralising outside the current Inferred Mineral Resource Estimate and JORC Exploration Target area;
- To complete DHEM on selected holes to assist in guiding the deeper and extensional drilling; and
- To conduct specific gravity measurements and metallurgical test work on the diamond drilling core to educate any potential future Mineral Resource Estimate.

Furthermore, the 2019 regolith shallow auger sampling campaign identified two additional structural gold trends in the north west and north of the Exploration Target. CSA Global recommends that these should also be explored and could cost efficiently be done in conjunction with the work above.

CSA Global recommends NGM complete the following:

- Drill approximately 6 to 10 suitably spaced new holes with reverse circulation drilling to a depth of 200 metres; and
- DHEM be completed on selected holes to identify below-surface anomalies.

The second-stage investigation of the Project will focus on more detailed geological and Geochemical studies of targets for both mineralisation styles defined during the first stage, and on drilling (both percussion and diamond) to more fully define the potential for viable mineralisation.

The mineral property held by the Company is considered to be an "exploration project" that is intrinsically speculative in nature. The Project is at the "advanced exploration" stage. CSA Global considers, however, the Project to be of sound technical merit and to be sufficiently prospective, subject to varying degrees of exploration risk, and to warrant further exploration and assessment of its economic potential, consistent with the proposed programme.

The Company has prepared staged exploration and evaluation programmes, specific to the potential of the Project, which are consistent with the budget allocations, and warranted by the exploration potential of the Project. CSA Global considers that the relevant areas have sufficient technical merit to justify the proposed programmes and associated expenditure.

Financial

Funding

At the year end the Company was funded through investment from its Shareholders following the Company's successful Standard Listing IPO onto the London Stock Exchange in 2016, raising £1.05 million before costs. During the year the Company raised £0.3m, before costs, via convertible loan notes. Post year end the Company completed an equity raise £3.5m (before Costs). It did this concurrently with the Kathleen Valley acquisition. The new funding will allow the Company to fund operations and meet its current exploration plans for at least the next 12 months.

Expenditure

During the year, the Company has continued its fiscal discipline with the Company continuing to maintain low overheads. Any monies spent on business development opportunities has only occurred after a particular project has passed our initial technical review.

MILA RESOURCES PLC
STATEMENT FROM THE BOARD
FOR THE YEAR ENDED 30 JUNE 2021

Current Assets

At 30 June 2021, the Company was not owed any money (2020: £85,849). During the year ended 30 June 2020, the Company was the holder of a secured loan provided to an RTO target E-Tech Metals Limited ('E-Tech'), which was fully repaid in November 2020.

Liquidity, cash and cash equivalents

At 30 June 2021, the Company held £329,628 (2020: £186,316) of cash and cash equivalents, all of which are denominated in pounds sterling.

Mark Stephenson

Executive Director
21 December 2021

Understanding our business

The Company was incorporated on 3 June 2015, with the view of pursuing an initial public offering of its securities onto the London Stock Exchange through a Standard Listing to raise the necessary funds required for the execution of the business strategy, which is to acquire a business or asset. More specifically, the strategy is to act as a post discovery accelerator, where the Company identifies target(s) that have already had an early-stage geological discovery. Additional targets will be sought, however, the current priority is to develop and unlock the potential in the Kathleen Valley Gold Project.

This IPO was completed during 2016, with the Company successfully raising £1,050,000 before costs with Admission to the Main Market of the London Stock Exchange in October 2016. Since the IPO the Company has been engaged in searching for and evaluating specific targets (business or asset) that were compatible with the Company's Business Strategy. During this time suitable businesses and assets were initially identified, however, prior to the recently completed transaction on Kathleen Valley, these other proposed transactions were abandoned for specific reasons relating to each individual proposed transaction.

The impact of the Covid-19 pandemic on global supply chains is a well-documented phenomenon which has affected many industries globally, including the gold exploration sector in Western Australia. As a result, the lead times for the equipment and consumables required have lengthened over the last 12 months. To manage this risk, it is important that key equipment and materials are ordered on a timely basis to minimise the potential for supply chain disruption to drilling operations. The directors are confident that with the forward planning already place the current and future impacts of supply disruption can be held to a minimum.

Key performance indicators

It is the Board's intention, in the near term, to identify appropriate key performance indicators following the recent successful acquisition of the Kathleen Valley Gold Exploration Project in Western Australia. The transaction was completed and ratified by the Mila shareholders on Monday the 22nd of November 2021. Further details on the transaction can be found in Statement from the Board.

Business review

For a review of developments in the year, please see page 4, the "Statement from the Board".

Principal risks and uncertainties

The principal risks currently faced by the Company relate to:

Acquiring Less than Controlling Interests

The Company may acquire either less than whole voting control of, or less than a controlling equity interest in, a target, which may limit the Company's operational strategies and reduce its ability to enhance Shareholder value.

Inability to Fund Operations Post-Acquisition

The Company may be unable to fund the operations post acquisition of the target business if it does not obtain additional funding, however, the Company will ensure that appropriate funding measures are taken to ensure minimum commitments are met. The current global pandemic, Covid-19, may make obtaining of sufficient funds more challenging.

The Company's Relationship with the Directors and Conflicts of Interest

The Company is dependent on the Directors to identify potential acquisition opportunities and to execute an acquisition.

MILA RESOURCES PLC
STRATEGIC REPORT
FOR THE YEAR ENDED 30 JUNE 2021

The Directors are not obliged to commit their whole time to the Company's business; they will allocate a portion of their time to other businesses which may lead to the potential for conflicts of interest in their determination as to how much time to assign to the Company's affairs. Following the successful transaction, it has been proposed that the Company establishes a Conflicts Committee. The role of the Conflicts Committee is to assist the Board in monitoring actual and potential conflicts of interest under the definitions of the Companies Act 2006. Under the Companies Act 2006 Directors are responsible for their individual disclosures of actual or potential conflict. To follow best practice, the Conflicts Committee holds discussions where appropriate, with the Company's UK lawyers.

Risks Inherent in an Acquisition

Although the Company and the Directors will evaluate the risks inherent in a particular target, they cannot offer any further assistance that all of the significant risk factors can be identified or properly assessed. Furthermore, no assurance can be made that an investment in Ordinary Shares in the Company will ultimately prove to be more favourable to investors than a direct investment, if such an opportunity were available, in a target business.

Reliance on External Advisors

The Directors expect to rely on external advisors to help identify and assess potential and future acquisitions and there is a risk that suitable advisors cannot be placed under contract or that such advisors that are contracted to fail to perform as required.

Reliance on Income from the Acquired Activities

Following an acquisition, the Company may be dependent on the income generated by the acquired business or from the subsequent divestment of the acquired business to meet the Company's expenses. If the acquired business is unable to provide the sufficient amounts to the Company, the Company may be unable to pay its expenses or make distributions and dividends on the Ordinary Shares.

For the further commentary on the Company's risk management policies.

Gender analysis

A split of our employees and directors by gender and average number during the year is shown below:

	Male	Female
Directors	2	nil

Corporate social responsibility

We aim to conduct our business with honesty, integrity and openness, respecting human rights and the interests of our shareholders and employees. We aim to provide timely, regular and reliable information on the business to all our shareholders and conduct our operations to the highest standards.

We strive to create a safe and healthy working environment for the wellbeing of our staff and create a trusting and respectful environment, where all members of staff are encouraged to feel responsible for the reputation and performance of the Company.

We aim to establish a diverse and dynamic workforce with team players who have the experience and knowledge of the business operations and markets in which we operate. Through maintaining good communications, members of staff are encouraged to realise the objectives of the Company and their own potential.

**MILA RESOURCES PLC
STRATEGIC REPORT
FOR THE YEAR ENDED 30 JUNE 2021**

The Board would like to take this opportunity to thank our shareholders, Board and advisors for their support during the year.

MILA RESOURCES PLC
STRATEGIC REPORT
FOR THE YEAR ENDED 30 JUNE 2021

Section 172 Statement

Section 172 of the Companies Act 2006 requires Directors to take into consideration the interests of stakeholders and other matters in their decision making. The Directors continue to have regard to the interests of the Company's stakeholders, however it should be noted that because Mila is a small "shell" company; with only two directors; no employees and the impacts of its activities is limited. This statement forms part of the strategic report. However, following the successful transaction in November 2021 this will be reconsidered during the current year.

When making decisions the Company takes into account the impact of its activities on the community, the environment and the Company's reputation for good business conduct. In this context, acting in good faith and fairly, the Directors consider what is most likely to promote the success of the Company for its members in the long term.

The Directors are fully aware of their responsibilities to promote the success of the Company in accordance with section 172 of the Companies Act 2006. The Board continuously reflects on how the Company engages with its stakeholders and opportunities for enhancement in the future. As required, the Company's external lawyers and the Company Secretary will provide support to the Board to help ensure that enough consideration is given to issues relating to the matters set out in s172(1)(a)-(f).

The Board regularly reviews the Company's principal stakeholders and how it engages with them. This is achieved through information provided by management via Regulatory News Service announcements, Corporate Presentations, and Shareholder Meetings and teleconferences and also by direct engagement with stakeholders themselves.

We aim to work responsibly with our stakeholders, including suppliers. The key Board decisions made in the year and post year end are set out below:

Significant events/decisions	Key s172 matter(s) affected	Actions and Consequences
Entered into non-binding Head of Terms with regards to the possible acquisition of the Kathleen Valley Project in Western Australia from NGM.	Shareholders and Business Relationships	The consequences of this decision were to allocate capital to the RTO process to fully investigate the suitability of the RTO target.
Acquired the Kathleen Valley Project in Western Australia from NGM (3 stage earn in) – post year end	Business Relationships and Shareholders	This decision provides a pathway to acquire an asset, which if successful, should meet the Company's strategy.
Fund Raise of £3.5m (excluding costs) – post year end	Business Relationships and Shareholders	This decision provides a pathway to finance the exploration and development of the Kathleen Valley Project asset.

The Directors are monitoring the environmental position as the project continues and will provide disclosure when appropriate.

**MILA RESOURCES PLC
STRATEGIC REPORT
FOR THE YEAR ENDED 30 JUNE 2021**

Finally, to you, our shareholders, thank you for your trust and support. I hope you stay safe and well and I look forward to meeting you face to face at a Company event when our world returns to what will be a 'new normal'.

This report was approved by the board on 21 December 2021 and signed on its behalf.

Mark Stephenson
Chief Executive Officer

MILA RESOURCES PLC
KEY PERSONNEL
FOR THE YEAR ENDED 30 JUNE 2021

The only employees in the Company are the Directors, who are all considered to be key management personnel. Those employed by the Company during the year were as follow:

Mark Stephenson

Mark has over 30 years' experience of working for stockbrokers in the City of London including the Panmure Gordon, West LB, Blue Oar Securities and NCL Investments – a Smith & Williamson group company. With the development of the AIM market, Mark has utilised his experience in equity, debt and convertibles to develop innovative financing solutions, for small and mid-size companies.

In the last four years, he has built a liquidity platform in conjunction with several hedge funds, private client brokers and a syndicate of high net worth investors, which has successfully funded smaller companies during this difficult period.

Lee Daniels

Lee is an experienced qualified accountant (Australian Certified Practicing Accountant). He has worked in London over the last two decades and has held senior finance roles with HSBC (Global Markets), Credit Suisse, ABN AMRO (Wholesale Markets) and LTSB(Group) (Distressed Debt Division). He has an established track record in Finance and Accounting, Change Management, Project Evaluation & Financial Modelling. Most recently, in the last few years, he has been working in the Oil and Gas industry for a public E&P company.

Post year end appointments

Two new directors were appointed in November 2021, namely Mr Neil Hutchison (Chief Technical Officer) and Mr Lindsay Mair (Non-Executive Director). Further details of on the new appointments can be found in the Statement from the Board.

MILA RESOURCES PLC
DIRECTORS' REPORT
FOR THE YEAR ENDED 30 JUNE 2021

The Directors present their report and the audited financial statements for the year ended 30 June 2021. The Company was incorporated on 3 June 2015. For the subsequent events that occurred after the year end please refer to note 24.

Principal Activity

The principal activity of the Company during the period was that of identifying potential companies, businesses or asset(s) for acquisition. A successful acquisition was completed in November 2021 and more details can be found in the Statement from the Board.

Results

The Company recorded a loss for the year before taxation of £382,387 (2020: £219,371).

Dividends

No dividend has been paid during the year nor do the Directors recommend the payment of a final dividend (2020: £nil).

Directors

The Directors who served at any time during the year were:

- Mark Stephenson Executive Director
- Lee Daniels Executive Director

Details of the Directors' holding of Ordinary Shares and Warrants are set out in the Directors' Remuneration Report from page 16.

Further details of the interests of the Directors in the Warrants of the Company are set out in Note 17 and Note 24 of the financial statements.

Share Capital

Mila Resources Plc is incorporated as a public limited company and is registered in England and Wales with the registered number 09620350. Details of the Company's issued share capital, together with details of the movements during the year, are shown in Note 17. The Company has one class of Ordinary Share and all shares have equal voting rights and rank pari passu for the distribution of dividends and repayment of capital.

Substantial Shareholdings

At 20 December 2021, the Company had been informed of the following substantial interests over 3% of the issued share capital of the Company.

	Holdings	Percentage
JIM Nominees	117,088,865	38.2%
Trans Pacific Energy Group Pty Ltd	83,543,197	27.3%
Diversified Minerals Pty Ltd	15,448,370	5.0%

Corporate Governance Statement

The Board is committed to maintaining appropriate standards of corporate governance. The statement below, together with the report on Directors' remuneration on pages 19 to 21, explains how the Company has observed principles set out in The UK Corporate Governance Code ("the Code") as relevant to the Company and contains the information required by section 7 of the UK Listing Authority's Disclosure Rules and Transparency Rules.

The Company has decided not to apply the Code given its current size and resources. The Company is a small company with modest resources. The Company has a clear mandate to optimise the allocation of limited resources to source acquisition/(s) and support its future plans. The Company strives to maintain a balance between conservation of limited resources and maintaining robust corporate governance practices. As the Company evolves, the Board is committed to enhancing the Company's corporate governance policies and practices deemed appropriate to the size and maturity of the organisation. Following the successful Kathleen Valley transaction, the Code will be applied. The Board of Directors has been expanded to include an Executive Director (Technical), Mr Neil Hutchinson and a Non-Executive Director, Mr Lindsay Mair. Further details of the newly appointed directors can be found in the Directors Statement on page 5 of this report.

Board of Directors

The Board currently consists of two executive Directors. It met regularly throughout the year to discuss key issues and to monitor the overall performance of the Company. With a Board comprising of just the two executive Directors, all matters and committees, such as Remuneration, Audit and Nominations are considered by the Board as a whole. The Directors will actively seek to expand Board membership to provide additional levels of corporate governance procedures at the relevant opportunity.

Audit Committee

The Board seeks to present a balanced and understandable assessment of the Company's position and prospects in all interim, final and price-sensitive reports and information required to be presented by statute.

The Directors consider the size of the Company and the close involvement of executive Directors in the day-to-day operations makes the maintenance of both an Audit Committee and an internal audit function unnecessary. The Directors will continue to monitor this situation.

External auditor

The Board will meet with the auditor at least twice a year to consider the results, internal procedures and controls and matters raised by the auditor. The Board considers auditor independence and objectivity and the effectiveness of the audit process. It also considers the nature and extent of the non-audit services supplied by the auditor reviewing the ratio of audit to non-audit fees and ensures that an appropriate relationship is maintained between the Company and its external auditor.

The Company has a policy of controlling the provision of non-audit services by the external auditor in order that their objectivity and independence are safeguarded. As part of the decision to recommend the appointment of the external auditor, the Board takes into account the tenure of the auditor in addition to the results of its review of the effectiveness of the external auditor and considers whether there should be a full tender process. There are no contractual obligations restricting the Board's choice of external auditor.

Remuneration and Nominations committee

A remuneration and nominations committee had not been established as at the financial year end 30 June 2020. Following the successful Kathleen Valley transaction, a Remuneration and Nominations Committee

MILA RESOURCES PLC
DIRECTORS' REPORT
FOR THE YEAR ENDED 30 JUNE 2021

has now been established. Prior to the establishment of the remuneration and nominations committee all remuneration matters are considered by the Board as a whole.

Internal financial control

Financial controls have been established so as to provide safeguards against unauthorised use or disposition of the assets, to maintain proper accounting records and to provide reliable financial information for internal use. Key financial controls include:

- the maintenance of proper records;
- a schedule of matters reserved for the approval of the Board;
- evaluation, approval procedures and risk assessment for acquisitions; and
- close involvement of the Directors in the day-to-day operational matters of the Company.

Shareholder Communications

The Company uses its corporate website (www.milaresources.com) to ensure that the latest announcements, press releases and published financial information are available to all shareholders and other interested parties.

The AGM is used to communicate with both institutional shareholders and private investors and all shareholders are encouraged to participate. Separate resolutions are proposed on each issue so that they can be given proper consideration and there is a resolution to approve the Annual Report and Accounts.

The Company counts all proxy votes and will indicate the level of proxies lodged on each resolution after it has been dealt with by a show of hands.

MILA RESOURCES PLC
DIRECTORS' REPORT
FOR THE YEAR ENDED 30 JUNE 2021

Directors' Remuneration Report

Remuneration Policies (unaudited)

Following the completion of the acquisition in November 2021, a Remuneration and Nominations Committee has been established. The purpose of the remuneration policy is to attract, retain and motivate Executive Directors and senior management of a high calibre with a view to encouraging commitment to the development of the Company and for long term enhancement of shareholder value.

At present, there is no bonus or long-term incentive plan in operation for the Directors. This will be determined in due course by the Remuneration and Nominations Committee. No Director will have a say in determining his or her own remuneration or bonus.

During the year ended 30 June 2021 the directors were paid a basic directors fee, without any bonuses.

Directors also receive reimbursement for expenses incurred whilst performing services for the Company.

Service contracts (unaudited)

The Executive Directors have entered into Service Agreements with the Company and continue to be employed until terminated by the Company.

In the event of termination or loss of office the Director is entitled only to payment of his basic salary in respect of his notice period. In the event of termination or loss of office in the case of a material breach of contract the Director is not entitled to any further payment.

Executive Directors are allowed to accept external appointments with the consent of the Board, provided that these do not lead to conflicts of interest. Executive Directors are allowed to retain fees paid.

The contracts are available for inspection at the Company's registered office.

Implementation Report

Particulars of Directors' Remuneration (audited)

Particulars of directors' remuneration, including directors' warrants which, under the Companies Act 2006 are required to be audited, are given in Notes 7, 17 and 24 and further referenced in the Directors' report.

Remuneration paid to the Directors' during the year ended 30 June 2021 was:

Executive Director	Base salary £	Severance Payments £	Pension contribution £	Total £
Mark Stephenson	40,178	-	-	40,178
Lee Daniels	40,178	-	-	40,178
	<hr/> 80,356	<hr/> -	<hr/> -	<hr/> 80,356

MILA RESOURCES PLC
DIRECTORS' REPORT
FOR THE YEAR ENDED 30 JUNE 2021

Remuneration paid to the Directors' during the year ended 30 June 2020 was:

Executive Director	Base salary £	Severance Payments £	Pension contribution £	Total £
Mark Stephenson	24,000	-	-	24,000
Lee Daniels	24,000	-	-	24,000
	<u>48,000</u>	<u>-</u>	<u>-</u>	<u>48,000</u>

There were no performance measures associated with any aspect of Directors' remuneration during the year.

Payments to past Directors (audited)

There are no payments in the year to past Directors.

Bonus and incentive plans (audited)

There were no bonus and incentive plans in place during the year.

Percentage change in the remuneration of the Chief Executive (unaudited)

The Company does not yet have a Chief Executive and therefore, no CEO disclosure has been presented.

Other matters

The Company does not have any pension plans for any of the Directors and does not pay contributions in relation to their remuneration. The Company has not paid out any excess retirement benefits to any Directors.

Directors interests in shares (audited)

The Company has no Director shareholder requirements.

The beneficial interest of the Directors in the Ordinary Share Capital of the Company at 30 June 2021 was:

	Number	%age of issued share capital
Mark Stephenson	1,200,000	5.17%
	<u>1,200,000</u>	<u>5.17%</u>

The beneficial interest of the Directors in the Ordinary Share Capital of the Company at 30 June 2020 was:

	Number	%age of issued share capital
Mark Stephenson	1,200,000	5.17%
	<u>1,200,000</u>	<u>5.17%</u>

MILA RESOURCES PLC
DIRECTORS' REPORT
FOR THE YEAR ENDED 30 JUNE 2021

The Directors held the following warrants at the beginning and end of the year:

Director	At 30 June 2020	Expired during the year	At 30 June 2021	Exercise price	Earliest date of exercise	Latest date of exercise
M Stephenson	1,200,000	1,200,000	-	£0.05	16 Oct 2016	20 Dec 2020
	<u>1,200,000</u>	<u>1,200,000</u>	<u>-</u>			

Remuneration Committee (unaudited)

There is no separate Remuneration Committee at present, instead all remuneration matters are considered by the Board as a whole. It meets when required to consider all aspects of directors' remuneration, share options and service contracts. Following the successful Kathleen Valley transaction, a Remuneration and Nominations Committee has been established.

This is the Company's fourth full year of operation. From the outset the Board has set out and implemented a policy designed in its view to attract, retain and motivate executive Directors of the right calibre and ability. There have been no major changes during the year either in that policy or its implementation. Given the disclosure on pages 19-20 and the relatively low levels of directors' remuneration, it has not been deemed appropriate to include a graph showing the historic percentage change in directors remuneration.

Statement of Directors' Responsibilities in respect of the Annual Report and the financial statements

The Directors are responsible for preparing this report and the financial statements in accordance with applicable United Kingdom law and regulations and the UK adopted International Financial Reporting Standards ("IFRS")

Company law requires the Directors to prepare financial statements for each financial period which present fairly the financial position of the Company and the financial performance and cash flows of the Company for that period.

In preparing those financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- present information, including accounting policies, in a manner that provides relevant, reliable, comparable and understandable information;
- state whether applicable International Financial Reporting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business; and
- provide additional disclosures when compliance with the specific requirements in IFRSs is insufficient to enable users to understand the impact of particular transactions, other events and conditions on the entity's financial position and financial performance.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the Company financial statements comply with the Companies Act 2006 and Article 4 of the IAS Regulation. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Under applicable law and regulations, the directors are also responsible for preparing a Strategic Report, Directors' Report, Directors' Remuneration Report and Corporate Governance Statement that comply with that law and those regulations, and for ensuring that the Annual report includes information required by the Listing Rules of the Financial Conduct Authority.

The financial statements are published on the Company's website <http://www.milaresources.com/> The work carried out by the Auditor does not involve consideration of the maintenance and integrity of this website and accordingly, the Auditor accepts no responsibility for any changes that have occurred to the financial statements since they were initially presented on the website. Visitors to the website need to be aware that legislation in the United Kingdom covering the preparation and dissemination of the financial statements may differ from legislation in their jurisdiction.

The Directors confirm that to the best of their knowledge:

- the Company financial statements, prepared in accordance with IFRS as adopted by the European Union, give a true and fair view of the assets, liabilities, financial position and profit of the Company;
- this Annual report includes the fair review of the development and performance of the business and the position of the Company together with a description of the principal risks and uncertainties that it faces; and
- the Annual Report and financial statements, taken as a whole, are fair, balanced and understandable and provide information necessary for shareholders to assess the Company's performance, business and strategy.

MILA RESOURCES PLC
DIRECTORS' REPORT
FOR THE YEAR ENDED 30 JUNE 2021

Disclosure and Transparency Rules

Details of the Company's share capital and warrants are given in Notes 17, 18 and 24. There are no restrictions on transfer or limitations on the holding of the ordinary shares. None of the shares carry any special rights with regard to the control of the Company. There are no known arrangements under which the financial rights are held by a person other than the holder and no known agreements or restrictions on share transfers and voting rights.

As far as the Company is aware there are no persons with significant direct or indirect holdings other than the Directors and other significant shareholders as shown on page 16.

The provisions covering the appointment and replacement of directors are contained in the Company's articles, any changes to which require shareholder approval. There are no significant agreements to which the Company is party that take effect, alter or terminate upon a change of control following a takeover bid and no agreements for compensation for loss of office or employment that become effective as a result of such a bid.

Requirements of the Listing Rules

Listing Rule 9.8.4 requires the Company to include certain information in a single identifiable section of the Annual Report or a cross reference table indicating where the information is set out. The Directors confirm that there are no disclosures required in relation to Listing Rule 9.8.4.

Financial Instruments

The Company has exposure to credit risk, liquidity risk and market risk. Note 22 presents information about the Company's exposure to these risks, along with the Company's objectives, processes and policies for managing the risks.

Greenhouse Gas (GHG) Emissions

The Company is aware that it needs to measure its operational carbon footprint in order to limit and control its environmental impact. However, given the very limited nature of its operations during the year under review, it has not been practical to measure its carbon footprint.

In the future, the Company will only measure the impact of its direct activities, as the full impact of the entire supply chain of its suppliers cannot be measured practically.

Events after the reporting period

Since the year end Mila has finalised the acquisition of the Kathleen Valley Project (via a 3 Stage earn-in) and has concurrently raised £3.5m (excluding costs) via a placement of new ordinary shares. Two new directors join the Mila Board, namely Neil Hutchinson (Executive Director) and Lindsay Mair (Non-executive Director). For further details on events after the reporting period please see note 24 of the Notes to the Financial Statements.

Directors' Indemnity Provisions

The Company has implemented Directors and Officers Liability Indemnity insurance.

Going concern

The Financial Statements have been prepared under the going concern assumption, which presumes that the Company will be able to meet its obligations as they fall due for at least the next twelve months from the date of the signing of the Financial Statements.

The Company had a net cash inflow from operating activities for the year of £143,312 (2020: outflow £242,357) and at 30 June 2021 had cash and cash equivalents balance of £329,628 (2020: £186,316).

MILA RESOURCES PLC
DIRECTORS' REPORT
FOR THE YEAR ENDED 30 JUNE 2021

Notwithstanding the loss incurred during the year under review, the Directors are confident that the Company will be able to meet its obligations as they fall due for at least the next twelve months as they have recently completed a fund raise of £3.5m (before costs) as part of the transaction to acquire the Kathleen Valley Project. The currently planned exploration expenditure is in the region of £2m, however it should be noted that the exploration expenditure is discretionary and there are no exploration committed costs.

Further details are given in Note 2.2 to the Financial Statements. For this reason, the Directors continue to adopt the going concern basis in preparing the financial statements.

Donations

The Company made no political donations during the year (2020: £nil).

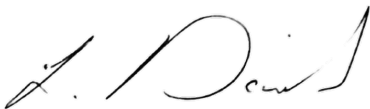

Auditors and disclosure of information to auditors

The Directors who held office at the date of approval of the Directors' Report confirm that:

- so far as they are each aware, there is no relevant audit information of which the Company's Auditor is unaware; and
- each Director has taken all the steps that he ought to have taken as a Director to make himself aware of any relevant audit information and to establish that the Company's Auditor is aware of that information.

The auditors, PKF Littlejohn LLP, were appointed by the Directors of the Company on 22 November 2018. They have expressed their willingness to continue in office and a resolution to reappoint them will be proposed at the Annual General Meeting.

ON BEHALF OF THE BOARD

Lee Daniels

Executive Director

21 December 2021

MILA RESOURCES PLC
INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF MILA RESOURCES PLC
FOR THE YEAR ENDED 30 JUNE 2021

Opinion

We have audited the financial statements of Mila Resources Plc (the 'company') for the year ended 30 June 2021 which comprise the Statement of Comprehensive Income, the Statement of Financial Position, the Statement of Cashflows, the Statement of Changes in Equity and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and international accounting standards in conformity with the requirements of the Companies Act 2006.

In our opinion, the financial statements:

- give a true and fair view of the state of the company's affairs as at 30 June 2021 and of its loss for the year then ended;
- have been properly prepared in accordance with international accounting standards in conformity with the requirements of the Companies Act 2006; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard as applied to listed public interest entities, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the director's use of the going concern basis of accounting in the preparation of the financial statements is appropriate. Our evaluation of the directors' assessment of the company's ability to continue to adopt the going concern basis of accounting included a review of cashflow forecasts for a period of 12 months from the date of approval of the financial statement, ascertaining the latest cash position, reviewing post year-end performance and ascertaining the progress of the proposed re-listing, transaction and relating placing.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Our application of materiality

The scope of our audit was influenced by our application of materiality. The quantitative and qualitative thresholds for materiality determine the scope of our audit and the nature, timing and extent of our audit procedures. Materiality for the financial statements was set as £19,000 (2020: £10,500) based upon loss before tax (2019: net assets). Materiality has been based upon loss before tax due to there being a focus

MILA RESOURCES PLC
INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF MILA RESOURCES PLC
FOR THE YEAR ENDED 30 JUNE 2021

on the Company's ability to conserve costs prior to the completion of a transaction post year-end. Performance materiality and the triviality threshold for the financial statements was set at £15,200 (2020: £7,785) and £950 (2020: £525) respectively due to this being our third year of engagement and the assessed level of risk. We also agreed to report any other differences below that threshold that we believe warranted reporting on qualitative grounds.

Our approach to the audit

In designing our audit, we determined materiality and assessed the risks of material misstatement in the financial statements. In particular we looked at areas involving significant accounting estimates and judgements by the directors and considered future events that are inherently uncertain. We also addressed the risk of management override of internal controls, including among other matters consideration of whether there was evidence of bias that represented a risk of material misstatement due to fraud.

The Company's key accounting function is based in the United Kingdom and our audit was performed from our office with regular contact with management throughout.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period and include the most significant assessed risks of material misstatement (whether or not due to fraud) we identified, including those which had the greatest effect on: the overall audit strategy, the allocation of resources in the audit; and directing the efforts of the engagement team. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matter	How our scope addressed this matter
Going concern	
<p>The Company made a loss of £382,387 for the year and as at 30 June 2021 was in a net current liability position of £173,188. Furthermore, the Company has been historically reliant on periodic fund raises to be able to meet its obligations as the fall due.</p> <p>As a result, there is a risk that the Company may not be able to meet its obligations as they fall due over the 12 month period from the approval of the financial statements and therefore the Company may not be a going concern.</p>	<p>Our work in this area included but was not limited to:</p> <ul style="list-style-type: none"> • Obtaining the Directors' going assessment and discussing their plans in the going concern period following the transaction; • Obtaining and reviewing of future budgets/forecasts and challenging the key assumptions;

MILA RESOURCES PLC
INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF MILA RESOURCES PLC
FOR THE YEAR ENDED 30 JUNE 2021

<p>See note 2.2 for the Directors' accounting policy note in respect of going concern.</p>	<ul style="list-style-type: none">• Obtaining and reviewing post year-end management accounts and bank statement to gain an understanding of post year-end performance and the Company's latest financial position; and• Obtaining evidence of the receipt of funds following the raise. <p>From performing the aforementioned procedures, it was noted that due to the successful completion of the re-listing, proposed transaction and significant fund raise upon re-listing, the Company had cash reserves significantly in excess of the anticipated net cash outflows over the going concern period. Assurance was therefore gained that the Company will be able to meet its obligations as they fall due over the next 12 months from the date of approval of the financial statements.</p>
---	---

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report⁷. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion the part of the directors' remuneration report to be audited has been properly prepared in accordance with the Companies Act 2006.

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report have been prepared in accordance with applicable legal requirements.

MILA RESOURCES PLC
INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF MILA RESOURCES PLC
FOR THE YEAR ENDED 30 JUNE 2021

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the strategic report or the directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements and the part of the directors' remuneration report to be audited are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

- We obtained an understanding of the company and the sector in which it operates to identify laws and regulations that could reasonably be expected to have a direct effect on the financial statements. We obtained our understanding in this regard through discussions with Management and application of cumulative audit knowledge and experience of the sector.
- We determined the principal laws and regulations relevant to the company in this regard to be those arising from the LSE listing rules and Companies Act 2006.

MILA RESOURCES PLC
INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF MILA RESOURCES PLC
FOR THE YEAR ENDED 30 JUNE 2021

- We designed our audit procedures to ensure the audit team considered whether there were any indications of non-compliance by the company with those laws and regulations. These procedures included, but were not limited to:
 - Discussions with Management regarding compliance with laws and regulations by the Company and all components;
 - Reviewing board minutes; and
 - Review of regulatory news announcements made.
- We also identified the risks of material misstatement of the financial statements due to fraud arising from management override of controls or management bias; and
- As in all of our audits, we addressed the risk of fraud arising from management override of controls by performing audit procedures which included, but were not limited to: the testing of journals; reviewing accounting estimates for evidence of bias; and evaluating the business rationale of any significant transactions that are unusual or outside the normal course of business.

Because of the inherent limitations of an audit, there is a risk that we will not detect all irregularities, including those leading to a material misstatement in the financial statements or non-compliance with regulation. This risk increases the more that compliance with a law or regulation is removed from the events and transactions reflected in the financial statements, as we will be less likely to become aware of instances of non-compliance. The risk is also greater regarding irregularities occurring due to fraud rather than error, as fraud involves intentional concealment, forgery, collusion, omission or misrepresentation.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Other matters which we are required to address

We were appointed by the Board of Directors on 22 November 2018 to audit the financial statements for the period ending 30 June 2019 and subsequent financial periods. Our total uninterrupted period of engagement is 3 years, covering the periods ending 30 June 2019 to 30 June 2021.

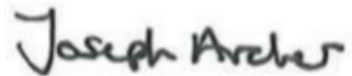

The non-audit services prohibited by the FRC's Ethical Standard were not provided to the company and we remain independent of the company in conducting our audit.

Our audit opinion is consistent with the additional report to the audit committee.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone, other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Net increase / (decrease) in cash and cash equivalents	143,312	(242,357)
Cash and cash equivalents at the beginning of the year	186,316	428,673
Cash and cash equivalents at the end of the year	329,628	186,316

There were no material non-cash transactions in the year

MILA RESOURCES PLC
STATEMENT OF CHANGES IN EQUITY
FOR THE YEAR ENDED 30 JUNE 2021

	Share Capital	Share Premium	Share Based Payment Reserve	Retained Loss	Total
	£	£	£	£	£
Balance at 1 July 2019	232,000	849,300	4,720	(657,450)	428,570
Total comprehensive loss for the year	-	-	-	(219,371)	(219,371)
Balance at 30 June 2020	232,000	849,300	4,720	(876,821)	209,199
Total comprehensive loss for the year	-	-	-	(382,387)	(382,387)
Balance at 30 June 2021	232,000	849,300	4,720	(1,259,208)	(173,188)

The accompanying notes on pages 35 to 50 form part of these financial statements.

MILA RESOURCES PLC
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2021

1 GENERAL INFORMATION

Mila Resources Plc (the “Company”) looks to identify potential companies, businesses or asset(s) that will increase shareholder value.

The Company is domiciled in the United Kingdom and incorporated and registered in England and Wales as a public limited company. The Company’s registered office is 65 Gresham Street, London, EC2V 7NQ. The Company’s registered number is 09620350.

2 ACCOUNTING POLICIES

2.1 Basis of preparation

The Financial Statements of the Company have been prepared in accordance with International Financial Reporting Standards (“IFRS”) and IFRS Interpretations Committee (“IFRS IC”) as adopted by the European Union and the Companies Act 2006 applicable to companies reporting under IFRS.

The Financial Statements have been prepared under the historical cost convention. The principal accounting policies are set out below and have, unless otherwise stated, been applied consistently for all periods presented in these Financial Statements. The Financial Statements are prepared in pounds Sterling and presented to the nearest pound.

2.2 Going concern

The Financial Statements have been prepared under the going concern assumption, which presumes that the Company will be able to meet its obligations as they fall due for at least the next twelve months from the date of the signing of the Financial Statements.

The Company had a net cash inflow from operating activities for the year of £143,312 (2020: outflow £242,357) and at 30 June 2021 had cash and cash equivalents balance of £329,628 (2020: £186,316).

Notwithstanding the loss incurred during the year under review, the Directors are confident that the Company will be able to meet its obligations as they fall due for at least the next twelve months as they have recently completed a fund raise of £3.5m, before costs, as part of the transaction to acquire the Kathleen Valley Project. The currently planned exploration expenditure is in the region of £2m, however it should be noted that the exploration expenditure is discretionary and there are no committed exploration costs.

The Directors have made enquires and assessed the potential impact of the COVID-19 virus on the Company. As such, whilst they acknowledge that COVID-19 could continue to have long lasting and significant impacts on the global economy, the Directors believe that the Company has sufficient finance to meet their obligations as they fall due for a period of at least 12 months from the date of approval of the financial statements.

2.3 Standards, amendments and interpretations to existing standards that are not yet effective and have not been early adopted by the Company

New standards, amendments to standards and interpretations:

During the financial year, the Company has adopted the following new IFRSs (including amendments thereto) and IFRIC interpretations that became effective for the first time.

MILA RESOURCES PLC
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2021

Standard	Impact on initial application	Effective date
IFRS 3 (amendments)	Definition of a Business	01 January 2020
IFRS standards (amendments)	References to the Conceptual Framework	01 January 2020
IAS 1 (amendments)	Definition of Material	01 January 2020
IAS 8 (amendments)	Definition of Material	01 January 2020
IFRS 9, IAS 39 and IFRS 7 (amendments)	Interest Rate Benchmark Reform	01 January 2020
IFRS 3 (amendments)	Definition of a Business	01 January 2020
IFRS standards (amendments)	References to the Conceptual Framework	01 January 2020
IFRS 3 (amendments)	Definition of a Business	01 January 2020
IFRS standards (amendments)	References to the Conceptual Framework	01 January 2020
IAS 1 (amendments)	Definition of Material	01 January 2020
IAS 8 (amendments)	Definition of Material	01 January 2020

No new standards, amendments or interpretations, effective for the first time for the financial year beginning on or after 1 July 2019 have had a material impact on the Company.

Standards issued but not yet effective:

At the date of authorisation of these financial statements, the following standards and interpretations relevant to the Company and which have not been applied in these financial statements, were in issue but were not yet effective.

Standard	Impact on initial application	Effective date
IFRS standards (amendments)	Interest rate benchmark reform	01 January 2021
IFRS 3 (amendments)	Business combinations	01 January 2022
IAS 37 (amendments)	Onerous contracts	01 January 2022
IFRS standards (amendments)	2018-2020 annual improvement cycle	01 January 2022
IAS 16 (amendments)	Proceeds before intended use	01 January 2022
IFRS 17	Insurance Contracts	01 January 2023
IFRS 17 (amendments)	Insurance contracts	01 January 2023
IAS 1 (amendments)	Reclassification of liabilities as current or non-current	01 January 2023

The directors do not consider that these standards will impact the financial statements of the Company.

2.4 Foreign currency translation

The financial information is presented in Sterling which is the Company's functional and presentational currency.

Transactions in currencies other than the functional currency are recognised at the rates of exchange on the dates of the transactions. At each balance sheet date, monetary assets and liabilities are retranslated at the rates prevailing at the balance sheet date with differences recognised in the Statement of comprehensive income in the period in which they arise.

2.5 Financial instruments

Initial recognition

A financial asset or financial liability is recognised in the statement of financial position of the Company when it arises or when the Company becomes part of the contractual terms of the financial instrument.

Classification

Financial assets at amortised cost

The Company measures financial assets at amortised cost if both of the following conditions are met:

- (1) the asset is held within a business model whose objective is to collect contractual cash flows; and
- (2) the contractual terms of the financial asset generating cash flows at specified dates only pertain to capital and interest payments on the balance of the initial capital.

Financial assets which are measured at amortised cost, are measured using the Effective Interest Rate Method (EIR) and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

Financial liabilities at amortised cost

Financial liabilities measured at amortised cost using the effective interest rate method include current borrowings and trade and other payables that are short term in nature. Financial liabilities are derecognised if the Company's obligations specified in the contract expire or are discharged or cancelled.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate ("EIR"). The EIR amortisation is included as finance costs in profit or loss. Trade payables other payables are non-interest bearing and are stated at amortised cost using the effective interest method.

Derecognition

A financial asset is derecognised when:

- (1) the rights to receive cash flows from the asset have expired, or
- (2) the Company has transferred its rights to receive cash flows from the asset or has undertaken the commitment to fully pay the cash flows received without significant delay to a third party under an arrangement and has either (a) transferred substantially all the risks and the assets of the asset or (b) has neither transferred nor held substantially all the risks and estimates of the asset but has transferred the control of the asset.

Impairment

The Company recognises a provision for impairment for expected credit losses regarding all financial assets. Expected credit losses are based on the balance between all the payable contractual cash flows and all discounted cash flows that the Company expects to receive. Regarding trade receivables, the Company applies the IFRS 9 simplified approach in order to calculate expected credit losses. Therefore, at

MILA RESOURCES PLC
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2021

every reporting date, provision for losses regarding a financial instrument is measured at an amount equal to the expected credit losses over its lifetime without monitoring changes in credit risk. To measure expected credit losses, trade receivables and contract assets have been grouped based on shared risk characteristics.

Trade and other receivables

Trade and other receivables are initially recognised at fair value when related amounts are invoiced then carried at this amount less any allowances for doubtful debts or provision made for impairment of these receivables.

Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and in hand and are subject to an insignificant risk of changes in value.

Trade payables

These financial liabilities are all non-interest bearing and are initially recognised at the fair value of the consideration payable.

2.6 Equity

Share capital is determined using the nominal value of shares that have been issued.

The Share premium account includes any premiums received on the initial issuing of the share capital. Any transaction costs associated with the issuing of shares are deducted from the Share premium account, net of any related income tax benefits.

Equity-settled share-based payments are credited to a share-based payment reserve as a component of equity until related options or warrants are exercised or lapse.

Retained losses includes all current and prior period results as disclosed in the statement of comprehensive income.

2.7 Share-based payments

The Company has issued warrants to the initial investors and certain counter parties and advisers.

Equity-settled share-based payments are measured at fair value (excluding the effect of non-market based vesting conditions) at date of grant. The fair value so determined is expensed on a straight-line basis over the vesting period, based on the Company's estimate of the number of shares that will eventually vest and adjusted for the effect of non-market based vesting conditions. Fair value is measured using the Black Scholes pricing model. The key assumption used in the model have been adjusted, based on management's best estimate, for the effects of non-transferability, exercise restrictions and behavioural considerations.

2.8 Taxation

Tax currently payable is based on taxable profit for the period. Taxable profit differs from profit as reported in the income statement because it excludes items of income and expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the balance sheet date.

MILA RESOURCES PLC
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2021

Deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from initial recognition of goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax liabilities are recognised for taxable temporary differences arising on investments in subsidiaries and associates, and interests in joint ventures, except where the Company is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled, or the asset realised. Deferred tax is charged or credited to profit or loss, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

2.9 Critical accounting judgements and key sources of estimation uncertainty

In the process of applying the entity's accounting policies, management makes estimates and assumptions that have an effect on the amounts recognised in the financial information. Although these estimates are based on management's best knowledge of current events and actions, actual results may ultimately differ from those estimates. The Directors consider that there are no critical accounting judgements or key sources of estimation uncertainty relating to the financial information of the Company. Following the successful Kathleen Valley transaction, the directors expect that there will be a need for critical accounting judgements or key sources of estimation uncertainty relating to the financial information of the Company.

2.10 Earnings per share

Basic earnings per share is calculated as profit or loss attributable to equity holders of the parent for the period, adjusted to exclude any costs of servicing equity (other than dividends), divided by the weighted average number of ordinary shares, adjusted for any bonus element. The diluted profit per share has been kept the same as the basic profit per share because the 11,425,000 warrants in issue were out of the money at 30 June 2021 and as a result have not been included in the weighted average number of shares number.

2.11 Segmental reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker.

The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Board as a whole.

All operations and information are reviewed together so that at present there is only one reportable operating segment.

MILA RESOURCES PLC
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2021

3. SEGMENT REPORTING

As identifying and assessing investment projects is the only activity the Company is involved in and is therefore considered as the only operating/reporting segment, i.e. Mila Resources PLC. Therefore, the financial information of the single segment is the same as set out in the statement of comprehensive income and statement of financial position.

4. OTHER INCOME

In March 2019, the Company aborted a proposed reverse takeover acquisition for the entire share capital of Capital Metals Limited ("CML"). On the 13th of March 2019, the Company and CML entered into an agreement where CML offered to make a contribution towards Mila's costs incurred in relation to the aborted transaction for an amount of £37,500 should CML either list on any stock exchange or sell its entire issued share capital. During the year, CML listed on the London Stock exchange triggering the payment of £37,500 to the Company

5. OPERATING LOSS

This is stated after charging:

	2021	2020
	£	£
Auditor's remuneration		
audit of the Company	16,500	16,000
Directors' remuneration	80,356	48,000
Stock exchange and regulatory expenses	55,597	36,142
Other expenses	268,987	120,078
Operating expenses	<u>421,440</u>	<u>220,220</u>

6. AUDITOR'S REMUNERATION

	2021	2020
	£	£
Fees payable to the Company's current auditor:		
- audit of the Company's financial statements	<u>16,000</u>	<u>16,000</u>

MILA RESOURCES PLC
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2021

7. DIRECTORS AND STAFF COSTS

During the year the only staff of the Company were the Directors and as such key management personnel. Management remuneration, other benefits supplied and social security costs to the Directors during the year was as follows:

	2021	2020
	£	£
Salaries	80,356	48,000

8. INTEREST RECEIVABLE

	2021	2020
	£	£
Interest due on Loan to E-Tech	1,553	849

9. TAXATION

	2021	2020
	£	£
The charge / credit for the year is made up as follows:		
Current tax	-	-
Deferred tax	-	-
Taxation charge / credit for the year	-	-

A reconciliation of the tax charge / credit appearing in the income statement to the tax that would result from applying the standard rate of tax to the results for the year is:

Loss per accounts	(382,387)	(219,371)
Tax credit at the standard rate of corporation tax in the UK of 19% (2020: 19%)	(72,654)	(41,680)
Impact of costs disallowed for tax purposes	-	74
Deferred tax in respect of temporary differences	-	-
Impact of unrelieved tax losses carried forward	72,654	41,606
	-	-

MILA RESOURCES PLC
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2021

Estimated tax losses of £1,199,505 (2020: £817,118) are available for relief against future profits and a deferred tax asset of £227,906 (2020: £155,252) has not been provided for in the accounts due to the uncertainty of future profits.

Factors affecting the future tax charge

The standard rate of corporation tax in the UK is 19%. Accordingly, the Company's effective tax rate for the period was 19% (2020: 19%). As announced in the Spring Budget 2021, the rate of corporation tax will increase from April 2023 to 25% on Profits over £250,000. The 19% rate will continue to apply where profits are below £50,000.

10. EARNINGS PER SHARE

The calculation of the earnings per share is based on the loss for the financial period after taxation of £382,387 (2020: loss £219,371) and on the weighted average of 23,200,000 (2020: 23,200,000) ordinary shares in issue during the period.

The warrants outstanding at 30 June 2021 and 30 June 2020 are considered to be non-dilutive in that their conversion into ordinary shares would not increase the net loss per share. Consequently, there is no diluted earnings per share to report for the period.

11. TRADE AND OTHER RECEIVABLES

	2021	2020
	£	£
Prepayments and other receivables	24,185	23,705
	<u>24,185</u>	<u>23,705</u>

The Directors consider that the carrying value amount of trade and other receivables approximates to their fair value.

12. OTHER CURRENT ASSETS

	2021	2020
	£	£
Loan to E-Tech Metals Limited	-	85,849
	<u>-</u>	<u>85,849</u>

The Loan to E-Tech Metals ('E-Tech') Limited was a secured loan that was provided to allow E-Tech to fund its working capital requirements through the RTO process. When E-Tech terminated the discussions, the loan was called in and was subsequently repaid in full in November 2020. The loan facility was issued on the 18th of March 2020 at an interest rate of 5.1%. Interest recognised in the year ending 30 June 2021 was £1,553 (2020: £849)

The Directors consider that the carrying value amount of trade and other receivables approximates to their fair value.

MILA RESOURCES PLC
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2021

13. CASH AND CASH EQUIVALENTS

	2021	2020
	£	£
Cash at bank	329,628	186,316
	<u>329,628</u>	<u>186,316</u>

Cash at bank comprises balances held by the Company in current bank accounts. The carrying value of these approximates to their fair value.

14. TRADE AND OTHER PAYABLES

	2021	2020
	£	£
Trade payables	43,038	16,087
Accruals and other payables	135,272	70,584
	<u>178,309</u>	<u>86,671</u>

Trade payables and accruals principally comprise amounts outstanding in respect of costs incurred in the Company's endeavours to find a suitable target and execute a relating transaction.

15. CONVERTIBLE LOAN NOTES

On 29 December 2020, the Company entered into a Loan Note Instrument for the issuance of £340,000 of loan notes ("Mila Loan Notes"). The maturity date of the Mila Loan Notes was six months from the date of issue. Alternatively, the Mila Loan Notes automatically convert on the date immediately prior to Readmission or are automatically redeemed on a Change of Control. The conversion price of the Mila Loan Notes is 75% of the placing price (per ordinary share) of the equity fund raise that would be conducted concurrently with the acquisition of the proposed transaction. The interest payable on the Mila Loan Notes is 6% per annum and the instrument is governed by the law of England and Wales.

16. DEFERRED TAXATION

No deferred tax asset has been recognised by the Company due to the uncertainty of generating sufficient future profits and tax liability against which to offset the tax losses. Note 9 above sets out the estimated tax losses carried forward

MILA RESOURCES PLC
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2021

17. SHARE CAPITAL / SHARE PREMIUM

	Number of shares on issue	Share capital £	Share premium £	Total £
Balance as at 1 July 2019	23,200,000	232,000	849,300	1,081,300
Balance as at 30 June 2020	23,200,000	232,000	849,300	1,081,300
Balance as at 30 June 2021	23,200,000	232,000	849,300	1,081,300

The Company has only one class of share. All ordinary shares have equal voting rights and rank pari passu for the distribution of dividends and repayment of capital.

At 30 June 2021, there were warrants and options over 11,425,000 unissued ordinary shares (2020: 15,825,000). Details of the warrants outstanding are as follows:

Issued	Exercisable from	Expiry date	Number outstanding	Exercise price
12 September 2016	From date of issue	31 December 2022	350,000	£0.05
26 September 2016 *	7 October 2016	31 December 2022	11,075,000	£0.10
			11,425,000	

** The warrants were issued conditional upon the Ordinary Shares to be admitted to trading on the London Stock Exchange's main market for listed securities which occurred on 7 October 2016.*

During the year Mila announced that it has amended the terms of certain warrants granted at the time of its IPO on 7 October 2016 by extending the life of certain warrants. The series 1 warrants granted to the founders will expire on 31 December 2020 as scheduled. The revised expiry date did not lead to a material change in the fair value of these warrants.

MILA RESOURCES PLC
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2021

Warrant Amendments

Warrant	Current terms	Revised terms
Series 1 (Founders)	Exercise price of 5p and due to expire on 31 December 2020	No revision – lapsed on 31 December 2020
Series 2	Exercise price of 5p and due to expire on 31 December 2020	Expiration extended 31 December 2022
IPO Investors	Exercise price of 10p and due to expire on 31 December 2020	Expiration extended to 31 December 2022

The Directors held the following warrants at the beginning and end of the year:

Director	At 30 June 2020	Expired during the year	At 30 June 2021	Exercise price	Earliest date of exercise	Latest date of exercise
M Stephenson	1,200,000	1,200,000	-	£0.05	16 Oct 2016	20 Dec 2020
	<u>1,200,000</u>	<u>1,200,000</u>	<u>-</u>			

The market price of the shares at year end was £0.026 per share.

During the year, the minimum and maximum prices were £0.016 and £0.026 per share respectively.

18. SHARE BASED PAYMENT RESERVE

	2021	2020
	£	£
At 1 July	4,720	4,720
Share based payments expense recognised during the period	-	-
At 30 June	<u>4,720</u>	<u>4,720</u>

The Company did not issue any warrants during the current or prior year, however did extend the expiry date of the existing warrants, see note 17. The warrant extension does not impact on the share-based payment reserve.

MILA RESOURCES PLC
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2021

	Number	Fair Value £	Weighted average exercise price
At 1 July 2019	15,825,000	4,720	£0.085
Balance at 30 June 2020	15,825,000	4,720	£0.085
Expired during the year	4,400,000	-	£0.05
Balance at 30 June 2021	11,425,000	4,720	£0.098

The warrants outstanding at the year-end have a weighted average remaining contractual life of 1.5 years. The exercise prices of the warrants are £0.05 and £0.10 per share.

19. CAPITAL COMMITMENTS

There were no capital commitments at 30 June 2020 and 30 June 2021

20. CONTINGENT LIABILITIES

There were no contingent liabilities at 30 June 2020 and 30 June 2021

21. COMMITMENTS UNDER OPERATING LEASES

There were no commitments under operating leases at 30 June 2020 and 30 June 2021

22. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT

The Company's financial instruments comprise primarily cash and various items such as trade debtors and trade payables which arise directly from operations. The main purpose of these financial instruments is to provide working capital for the Company's operations. The Company does not utilise complex financial instruments or hedging mechanisms.

Financial assets by category

	2021 £	2020 £
Current Assets:		
Trade and other receivables (excluding prepayments)	-	-
Cash and cash equivalents	329,628	186,316
Loan to E-Tech Metals Limited	-	85,849
Categorised as financial assets at amortised cost	329,628	272,165

MILA RESOURCES PLC
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2021

The Loan to E-Tech Metals ('E-Tech') Limited was a secured loan that was provided to allow E-Tech to fund its working capital requirements through the RTO process. When E-Tech terminated the discussions, the loan was called in and repaid in full in November 2020.

Financial liabilities by category

	2021	2020
	£	£
Current Liabilities:		
Trade and other payables	43,097	16,113

Categorised as financial liabilities measured at amortised cost	391,789	16,113
	<hr/>	<hr/>

All amounts are short term and payable in 0 to 6 months.

Credit risk

The maximum exposure to credit risk at the reporting date by class of financial asset was:

	2021	2020
	£	£
Loan to E-Tech Metals Limited	-	85,849
	<hr/>	<hr/>
	-	85,849
	<hr/>	<hr/>

Capital management

The Company considers its capital to be equal to the sum of its total equity. The Company monitors its capital using a number of key performance indicators including cash flow projections, working capital ratios, the cost to achieve development milestones and potential revenue from partnerships and ongoing licensing activities.

The Company's objective when managing its capital is to ensure it obtains sufficient funding for continuing as a going concern. The Company funds its capital requirements through the issue of new shares to investors.

Interest rate risk

The maximum exposure to interest rate risk at the reporting date by class of financial asset was:

	2021	2020
	£	£
Bank balances	329,628	186,316
	<hr/>	<hr/>

MILA RESOURCES PLC
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2021

The Company is not financially dependent on the income earned on these resources and therefore the risk of interest rate fluctuations is not significant to the business and the Directors have not performed a detailed sensitivity analysis.

All deposits are placed with main clearing banks, with 'A' ratings, to restrict both credit risk and liquidity risk. The deposits are placed for the short term, between one and three months, to provide flexibility and access to the funds.

Credit and liquidity risk

Credit risk is managed on a Company basis. Funds are deposited with financial institutions with a credit rating equivalent to, or above, the main UK clearing banks. The Company's liquid resources are invested having regard to the timing of payment to be made in the ordinary course of the Company's activities. All financial liabilities are payable in the short term (between 0 to 3 months) and the Company maintains adequate bank balances to meet those liabilities.

Currency risk

The Company operates in a global market with income and costs possibly arising in a number of currencies. The majority of the operating costs are incurred in £GBP. The Company does not hedge due to the Company incurring very few foreign currency denominated costs and thus the cost and time taken to hedge would be far greater than the benefit. The Company did not have foreign currency exposure at year end.

23. RELATED PARTY TRANSACTIONS

Key management personnel compensation

The Directors are considered to be key management personnel. Detailed remuneration disclosures are provided in the remuneration report on pages 19 – 21.

Amounts due from/to related parties
